France had sent her to do the most dangerous thing in the world. In spite of every obstacle the German Secret Service could put in her way she WOULD do it.

By lending your money you have carried our boys across the perilous ocean—you are clothing them—feeding them—yet you have another province to fulfill. Keep them happy by telling them you are happy, contented and cheerful.

DR. JOSEPH D. COHN DIES MONDAY FROM PNEUMONIA ATTACK

Prominent Corpus Christi Physician and Surgeon Succumbs to Illness of Only a Few Days Duration. Funeral Will Be Held From the Residence Wednesday Afternoon at 4:30 O'clock.

Dr. Joseph D. Cohn, 26, one of the best-known and most successful physicians and surgeons of Corpus Christi, died yesterday morning at 10:30 o'clock at his home on Turner Avenue, after a brief illness.

Dr. Cohn had been ill for the past week, but as late as just Thursday he had been able to attend to his practice and only three Saturday had his condition been regarded as alarming.

The funeral will be held Wednesday afternoon at 4:30 o'clock from the residence of Dr. Cohn's wife.

The 4-year-old Corpus Christi chapter of the Red Cross in May, 1917, was organized by Mrs. Cohn and two other ladies to collect funds for the American High School with which Dr. Cohn has had his connection since its inception.

Instead of following the tradition of a teacher, however, at the age of 14 years, entered Texas University and four years later graduated, placing him next to John H. Johnson, the first Negro to receive a degree from that institution.

Soon thereafter he returned to Corpus Christi to engage in his chosen profession and he met with signal success.

He is survived by his wife, Miss Dorothy, of Baltimore, by one son, George D. Jr., a Marine, and by his parents, Mr. and Mrs. Nathan Cohn of this city.

Dr. Cohn was a member of Masonic Lodge, Knights of Pythias, and the members of that fraternity will attend the funeral Wednesday afternoon.

Regular Meeting

Nueces Chapter No. 224, D. K. S. Masonic Temple this evening. 7:30 o'clock. All Stars invited. Paul Niemitz, W. M. Morgan, G. Lester, Secretary.

ONE TON OF CAST-OFF CLOTHING COLLECTED FOR BELGIAN PEOPLE

Corpus Christi People Need Appeal by George W. Grim of Red Cross Committee and Contribute Hundreds of Garments to Relief Fund

George W. Grim, chairman of the Red Cross Committee that had collected cast-off clothing to be sent to the suffering people of Belgium, announced that 2,000 pounds of clothing has been contributed for this purpose. This is just twice the amount that had been assigned to the Nueces County Chapter of the Red Cross.

Mr. Grim's committee last night assort and checked the articles that were also picked during the night and their value will be expressed in tomorrow's paper.

Corpus Christi Red Cross turned out maternal assistance during the night by calling in the various firms and collecting the garments.

MEXICAN CHILD LOSES LIFE IN ACCIDENT

Leña de las Cruz Falls Under Wheels of City Garbage Wagon and Her Body Is Crushed

In about twelve hours, last night, a 10-month-old Mexican girl, Leña de las Cruz, lost her life.

A passenger in the driver's seat, she climbed all the way up a long slide, wagon, wagon and falling off, her body was caught beneath one of the rear wheels of the vehicle, and she was run over by the front wheel.

The child will be buried on Wednesday afternoon from the family residence on North Avenue.

MAKING GOOD AT SIXTY FIVE

On September the 16th, among the sons who "stand and fall," had just received recognition as good soldiers and were promoted to the rank of corporal.

The number of the most courageous, greatest in the ranks, is still. When they made their mark for the army, they were young, and now, after many years of service, are old. These are an example to those who, through a military physician, have received medical treatment and are up to date, which means making premature decrepitude and of course, that must needs be avoided.

One of the best examples of good soldier action is perhaps that in the middle of the battle, when under fire, they will make a sacrifice for their country.

Do not wait until too dangerous to move.

At the trial of General von Hindenburg, after the war at once, Goethe immediately got a trial for GOLD MEDAL. He was given 100 Gold Medals, imported direct from the Italian mint in Holland, where they have been for over two hundred years.

They will give almost immediate reward for any cause they should no longer money will be retained.

It is to get GOLD MEDAL. Non

her is genuine in sealed boxes.
